

OUT OF NOWHERE

ANDREW PRICE

OUT OF NOWHERE IS THE STORY OF A YOUNG, STRUGGLING TRADESMAN WHO UNWITTINGLY ENCOUNTERS A VIEW OF OUR WORLD THAT VERY FEW GET TO EXPERIENCE...

The unfathomable question of who we are and where do we come from... The answers are elusive and yet we cannot help but ask.

This question, while certainly important, fades into insignificance against the bigger question of what allowed any of this to begin in the first place. The single most important endeavour we can undertake as humans is to discover who we really are and what our place in all this is.

Inspiring, heartfelt and sometimes outright confrontational, *Out of Nowhere* takes us down a path less travelled and questions the very experience of the world around us that we may often take for granted. Seeking awareness is key to knowing our place amongst the world and the far-reaching universe...

Are you seeking the insight to your own mortality?
This book is for you.

ABOUT THE AUTHOR

Farm boy, hooligan, tradie, father at 19, unprovoked spiritual explosion at 27, almost dying in a car accident at 32, self-made businessman at 40, serial entrepreneur, philanthropist and an author at 50. Andrew Price is not your typical spiritual archetype and his unassuming and casual demeanour beguiles a life that is inspiring, intimidating and astonishing all at the same time. To have someone with both feet planted so squarely in both the spiritual world and the everyday world of ordinary human affairs is a rare thing.

A CONVERSATION WITH THE AUTHOR

WHAT DREW YOU TO THE SUBJECT MATTER IN *OUT OF NOWHERE*?

I learnt a long time ago to listen to what moves in my body and not to question the movement. This book is a result of that movement.

WHAT HAS YOUR WRITING JOURNEY LOOKED LIKE?

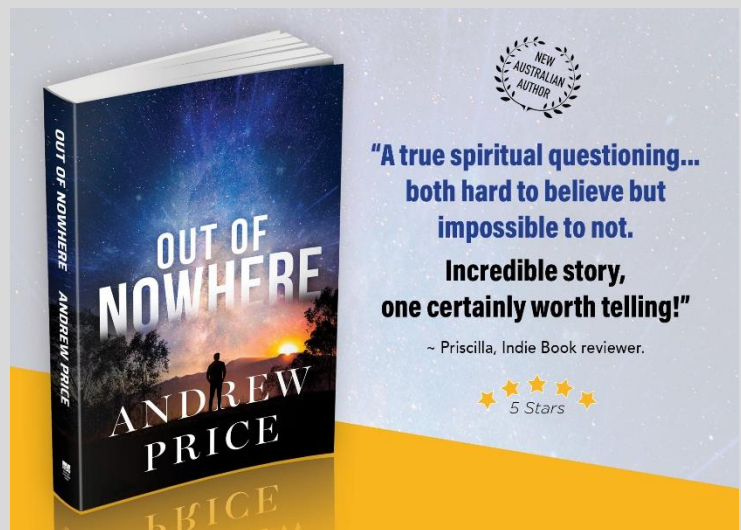

I only realised I wanted to write when I began writing this book one day. The first draft only took me about two weeks to write, but from there it took me a few years to get it back out and clean it up.

Writing a story was a difficult process, but I gained so much inspiration from my life experiences that I actually had to split the first draft into two separate books. This is the first half of that initial book. I have other books I have been writing and I am excited to release them if people respond well to this first one.

I had to realise that once this is published there is no going back. I would be revealing a part of my self that few people are aware of. A lot of people know me both directly and indirectly and if they read this book, they will know me in a way they have not known me before.
