Book One: *You Killed My Wife*

MORT'S FIRST GOAL ON RETURNING HOME TO BRISBANE AFTER RETIRING FROM THE ARMED FORCES IS TO INVESTIGATE HIS WIFE'S DEATH...

With a post-mortem trail that presents him with scandalous industrial espionage and both police and political corruption within Queensland, Mort finds his colleague Pig is the only one he can trust as he delves into the depths of putrid filth in his home state. Together, they must combat this insidious situation, battle not only rife politics and procedures but also outlaw bkie gangs out to protect their own interests.

With a skillset learned from the front-line military, Mort and Pig's journey is filled with intrigue and danger and ultimately comes to a climax that will see them at the brink of their own existence with only the air in their lungs to keep them alive...

One answer has many questions...

"The characters are down to earth, with touches of Jack Reacher, Jon Resnick and Case Lee all rolled into one with an Australian flavour and location, and of course the Aussie sense of humour!"
