THE DEADLY BATTLE BETWEEN HIGH GODS AND DARK GODS RAGES IN KRALIA...

For Rolu, the woes of his farm and the plagued village beyond serve as the extent of his concerns. Until the day a mysterious Venator – a hunter of witches who serves beneath the Goddess of Justice – known by the name Aedric appears in his small village. As Rolu leaves with Aedric to seek a path of becoming a Venator, he discovers the world once unknown to him, both in its horror and in its wonder. Trying to make sense of the mysterious visions that taunt him, Rolu is thrust into the arena of sirens and wraiths as the Gods pluck at strings like hidden puppet masters above...

Death is coming and no one will be safe.

A CONVERSATION WITH THE AUTHOR

WHAT DREW YOU TO WRITING VENATOR SAGA?

I think it's because I am fan of fantasy in general and all that entails; heroics, villains, cheesy romances, humour and dread. I think a story about an ignorant young man becoming a hunter of other people, joining an organisation of such hunters, is a good fit. I'm personally drawn to the idea of a force going out, seeking and uprooting evil forces, but, again circling back to our young, ignorant main character, it forces new ideas and knowledge upon him. Through him we see new information about his world and come to understand it as he does. What drew me to the characters I suppose is possibility. What do they bring to the table and what can they bring? It's exciting to create new characters with different quirks, physical or mental, and just toying with that creative process. But to narrow it down, what drew me to the characters was that they are part of the setting, the world, are extensions of it, and are avenues through which it can be explored. And if there is something I like in fantasy, it is exploration.

"A fantasy to rival the greats. I was mesmerised by the writing and enchanted by the characters... A new author and series I will certainly be keeping an eye on!"
