THIRTY YEARS AGO, THE WORLD ENDED.

NOT EVERYONE, HOWEVER, GOT THE MEMO...

The nation formerly known as Australia struggles on, its barren red lands stalked by eleven beings of strange and anomalous power, known as the Portents.

Their very existence defies all science. A trail of brutal and inexplicable deaths follows those who encounter them.

Quinn Kelly got too close to a Portent once and survived, although the run-in has left her permanently altered.

When Quinn begins to display an affinity for time, there are many who would stop at nothing to use her for their own ends.

Quinn, however, would much rather use her preternatural powers to start a punk band – and there is no man, woman, nor overzealous cyborg detective on Earth who can stop her!

AN INTERVIEW WITH THE AUTHOR

HOW DID YOU COME UP WITH THE TITLE FOR YOUR BOOK?

I wanted something that encompassed both the science fiction and the action-comedy sides of the story. Thus “Temporal” for the sci fi side, and “Boom” like the comic book sound effect.

WHAT KIND OF RESEARCH WENT INTO WRITING THIS BOOK?

I’m a scientist in real life, so I do microbiological research as part of my day job. As for the things I write, I do specific research as it comes up. Since I write genre fiction, hyperrealism isn’t that important, however there have definitely been instances where I’ve fallen down a Google rabbit hole into the history of Tim Tams, or the mechanics of thunderstorm formation, or how much acid you need to melt a body...
