

Attack of the Raekeem

Written by A.J. Elksnis

IT HAS BEEN TWO YEARS SINCE THE SABRE COMPANY WAS DEFEATED... NOW A NEW THREAT EMERGES...

Caught between her role and the desire to help more, Lana stumbles upon the Raekeem – an alien race determined to bring devastation wherever they go.

When machine assassins are discovered within Home Realm, it becomes clear the Raekeem are no longer on their way; they are already here.

When war threatens, the battle for the universe begins and the Kiyol, Laicians and humans alike, must fight for the survival of all civilisations...
